

**The Winnetka Alliance for Early Childhood
is proud to be chosen
by Lenswork Studio
as the beneficiary of
its first charity photo project.**

Here's how it works:

The Winnetka Alliance for Early Children and Lenswork Studio in Winnetka are inviting North Shore residents to participate in "The Children of the North Shore," a charity photo project that will feature 100 local children of all ages and ethnicities in a photo book. Lenswork Studio will take outdoor photos of your child and charge no fees for the photo session. Instead, you will donate \$100 to the Winnetka Alliance for Early Childhood. Photos will be selected to be included in the book. You'll have the option of purchasing additional photos, if you wish.

The Alliance provides support and services for parents and teachers in Winnetka, Northfield, Kenilworth, and other North Shore communities. Your donation to the Alliance helps fund:

- *TV Tune Out Guides*, wristbands, and buttons used by thousands of families during TV Tune Out Week
- networking events for area educators
- parenting speakers
- *Early Childhood*, the Alliance's newsletter that is distributed free of charge
- and much more.

This special project ends on August 31 and our goal is to raise \$10,000. So please sign up online at www.lensworkstudio.com and let's make it happen!
